

## NORMAL SCHOOL TEACHERS.

The board of Regents Appoint Most of Them—One Mooted Point Left till To-day.

As announced yesterday morning, the board of regents of the state normal schools met at the Hotel Windsor yesterday to make the annual appointments of teachers. State Superintendent of Schools Morgan presided, and T. S. Riley, of this city, Harry L. Snyder, of Shepherdstown, and Rankin Wiley, of Point Pleasant, were the other members present.

In addition to appointing the teachers the board had the question of the salaries under consideration. The salary of the principal at West Liberty was increased from \$1,150 to \$1,200; that of the principal at Concord from \$1,100 to \$1,200; the Glenville principal's from \$1,000 to \$1,100; and that at Huntington (Marshall College) from \$1,000 to \$1,100, the free rent of a house heretofore continued to the salary there still being added.

Prof. R. A. Armstrong, principal at West Liberty, with his full corps of teachers in the past year, was reappointed. Rev. N. D. Helmick was elected principal at Glenville. He is a new man. The other teachers there were all reappointed. Prof. John D. Swaney, principal of the Concord school, and his assistants were all reappointed.

Prof. Thomas E. Hodges, principal of Marshall College, was re-elected. Miss Scott, an assistant at that school, having resigned to accept a position in a school in Kentucky, the vacancy was filled by appointing Miss Lee, a sister of Major Lee, superintendent of the public schools of Huntington. Miss Hollerman, a former teacher, was appointed, she and Miss Lee being both designated as assistants, and to have equal grade.

Misses Irene Myers and Beulah Boyd and Messrs. Davis and Evans, teachers in the Fairmont school, were re-elected. No principal has yet been selected. Prof. J. C. Gwynn, formerly of this city, is principal there. As usual there is a kick on the Fairmont principal. There has scarcely been a year in five or six past that a fight has not been made on the reappointment of the Fairmont principal, and it is usually the outgrowth of local selfishness.

The filling of the places in the Shepherdstown school was talked over, but nothing was done. The board adjourned to meet at 9 o'clock this forenoon and complete its work.

A number of prominent men from various parts of the state are here to exert pressure on the board in different interests.

## EIGHTH WARD REPUBLICANS

Held an Enthusiastic Meeting and Organized a Club.

The Republicans of the Eighth ward, that stronghold of Republicanism, met yesterday evening and organized a club, under the name of the "Richie District Republican League Club." The meeting was enthusiastic, and it was promised that the usual Republican majority would be increased twenty per cent at the election.

The following officers were elected: President, Godfrey Schulz; first vice president, H. W. Schreber; second vice president, James T. McCready; secretary, Alexander Behout; and treasurer, Charles Craig. Nolte's hall has been hired for the campaign, and the boys propose to keep the political pot boiling from now on.

## Pennsylvania Wool.

Says the *Waynesburg Messenger*: In conversation with one of our local wool buyers this week, he said about three-fourths of the wool clip of this county had passed into the hands of buyers, and a great deal had been shipped to the east. He put Greene county's wool clip at 700,000 pounds, and said the wool was put up in much better condition this year than past seasons. Much of the clip is of a fine healthy quality. Putting the clip at 700,000 pounds, and the average price twenty-six cents, the wool growers have and will receive for the present year's clip \$182,000. This is quite a handsome sum for the farmers to rake in in one year from this one source of their money getting. The wool industry means much to the people of this county, and especially the farmers. Doubtless most every farmer has ample means to increase on this line by owning larger flocks. S. W. Scott & Son, of this place, have purchased this year 350,000 pounds of the clip, and are now shipping. The market is not very active. Prices, 25 and 27 cents.

## MARTIN'S FERRY.

Accidents and Incidents at that Thriving City—Personal and Industrial.

Mrs. Laine McDord, familiar known as Auntie McDord, fell down a stairway Thursday night, and died from the effects yesterday. Her skull was fractured, her right arm broken in two places and her left arm, back and breast badly hurt. A large pool of blood was found on the floor near where she lay. In falling she struck her head against a large iron weight used for holding the door back. No person was in the house when the accident occurred. Mrs. McDord was the widow of the late Hugh McDord, and had resided in Martin's Ferry sixty years. Three children survive her, Leander, Frank H., Charles G. and Mrs. Thomas Cochran.

New buildings are going up in every part of Martin's Ferry, and they are of good class, both residences and business houses. All last year there was a steady growth. Many have been put up the first six months of this year, and a large number of others will be erected during the last half. The outlook for the future is excellent.

Water rents in Martin's Ferry have been advanced 12 per cent and are due July 1. All payments made before the 10th of that month will save the advance. J. S. McCRELL, Secretary.

Messrs. Ralston, Kerr and Smith have obtained judgment against the United States Express Company for \$500, for the death of a St. Bernard dog at Claysville, Pa.

The employees on the New Steel Bridges are making this the popular route for pleasure driving by their politeness and desire to please.

Daniel McCloud, who was sent to the county jail for obtaining money under false pretenses, was yesterday sentenced to the reform farm.

Arthur Reynolds returned to Woodland, O., yesterday, after a pleasant visit with Mr. and Mrs. E. Reynolds.

Mr. Frank Hiseick and children and William Arbaugh and James McCaffrey left yesterday for Corning, N. Y.

Mrs. Carrie Bates and her daughter, Miss Floy, of Findlay, O., are visiting Mrs. and Mrs. A. J. Allison.

The New Steel Bridges furnish the quickest and safest route between Martin's Ferry and Wheeling.

Asa I. Nevill, of Claysville, Pa., was

in the city yesterday on business and pleasure.

Levi P. Shipman has been granted a pension of \$8 per month through J. T. Hanes.

Miss Harriet Lowe, of Steubenville, is visiting Mr. and Mrs. J. B. Gillespie.

Mr. S. G. Robinson, of the Elson Glass Company, is on the sick list.

## BELLARE.

All Sorts of Local News and Gossip from the Glass City.

There was a row in the B. & O. railroad yards here late Thursday night, and William Wigfield was used up so badly by Joseph Donavin and his two brothers, Francis and Thomas Donavin, that the most serious results may follow. Wigfield was knocked down with a bar of iron, and two of the Donavin brothers held him while the third one kicked and pounded him about the head and body. His lower jaw is broken and an ugly cut across the left eye put the eye out. The real trouble was an old score arising from Wigfield getting an engine from the company that one of the Donavins thought he ought to have had, but the immediate cause was Joseph Donavin demanding the right of way on a track with his engine and Wigfield claiming the same right, refused to yield, whereupon the Donavins pounced upon him. Two of the brothers work for the railroad company, but the third one does not and his presence at the disturbance gives color to the report that they were laying for Wigfield. The latter is in a precarious condition and unable to give his account of the affair. His brother, F. E. Wigfield, made complaint against all three of the Donavins before Squire Cooper, and warrants were issued for their arrest, but at this time none of them have been captured. The officers learned that one of them had gone west and sent out searchers for him and the other two are thought to be in hiding. Wigfield is a married man and has a family, and the Donavins are married men.

A man named J. E. Pravance, of Grafton, W. Va., has been in this city, for two weeks or more on a protracted spree and claims to have been robbed of \$523. When he came here he had a great roll of money and one night was very drunk and was locked up. The next morning he appeared straight enough and paid his fine, exhibiting a great roll of bills. He was cautioned to put it away before getting so drunk, but he kept up his spree until now he is a physical wreck, a veritable imbecile, and minus all of his money. He is still in Bellaire and seems completely dazed by his dissipation.

Col. C. L. Poorman, secretary of state, has asked the political parties to indicate the men they desire to have appointed as supervisors of election in each county. The secretary of state has the power to appoint without this but defers to the local managers to indicate the supervisors they desire.

Miss Allie Mellott, Mrs. Penelope Stewart and son, James, and others went out to the Burr's Mills campground yesterday, and quite a large number will go out this afternoon. The families of George Walters, Dr. McMahers and others are located at the Moundsville camp.

George Collins, a colored driver, accidentally ran a prong of a pitchfork into the right eye of Willie Stewart at Neal's livery stable yesterday evening. The boy will lose the eye and may die. Collins, who was loading manure, did not see him till the accident occurred.

The contract for the stonework on the pikes inside the city was awarded to Day & Dougherty at \$30 per cubic yard. The lowest other bid was \$40, while some of them were as high as \$50.

Capt. V. T. Morgan, an old Bellaire boy, who has been away from here for several years, dropped down from Pittsburgh yesterday to shake hands with his numerous friends here.

The grading for the pike to West Wheeling is being done by a gang of Italians. The road is so close to the railroad track that teams can not be worked with safety.

Mr. John T. Adams takes his wife and family to Pittsburgh this morning, where Mrs. Adams will be treated for a trouble that has made her an invalid for two years.

The union services of the United Presbyterian and First Presbyterian churches will begin to-morrow. Rev. William Wallace will preach the sermons.

Mrs. Ward and Mrs. Lippman called each other hard names and each filed a complaint before the mayor. Both were using the same kind of language.

Mrs. W. C. Stewart, of Blue Island, Ill., is the guest of her mother, Mrs. M. Alma Sanders, in this city.

The non-partisan W. C. T. U. held a meeting at the home of Mrs. W. H. Thompson yesterday afternoon.

The new Glass factory of Rodefer Bros. is showing up in great shape and will soon be under roof.

Hon. J. P. Spriggs, of Woodsfield, was in the city yesterday.

Hoo's Sarsaparilla ABSOLUTELY CURES all diseases caused by impure blood and it builds up the whole system.

It is reported at Cairo that the United States snagboat H. G. Wright will come out in a few days.

The Batchelor got away for Pittsburgh yesterday morning and the Ben Hur for Parkersburg at noon.

The dam at Davis Island will probably be raised within a few days unless there is a prospect of another rise.

The steamer Keystone State will leave for Pittsburgh to-morrow at 8 a. m.—At the same time the Lizzie Bay will leave for Pittsburgh.

James Reese & Sons, of Pittsburgh, are building a pair of new smokestacks for the Hudson, which will be placed in position on the boat as soon as possible.

Capt. C. W. Ball and Capt. Charles Adams, the two popular Baltimore & Ohio conductors, will make the round trip to Cincinnati on the Iron Queen, accompanied by their families.

CESAR'S famous "Veni, vidi, vici"—I came, I saw, I conquered—might be an appropriate motto for Ayer's Sarsaparilla. We charge nothing for the suggestion. This great blood purifier conquers wherever it comes, and is now absolutely without equal in the world.

## A WORTHY ENTERPRISE.

Anniversary of the Establishment of the Popular \$5 Rate of Treatment.

The Good Work That Has Been Accomplished—Putting the Practice of Medicine on a Business-like Basis—Review of the Year.

One year ago Dr. Copeland and his associates launched an enterprise which for boldness of conception and integrity of carrying out to the very letter and spirit of the offer had never been equalled in the history of medicine in this country. This enterprise was to treat catarrh and all kindred diseases at the uniform fee of \$5 a month, medicine included. Experience had taught them that this disease, especially when complicated with ear troubles, Asthma, Bronchitis, Chronic Cough, Incipient Consumption, Facial Neuralgia, etc., etc., could not be eradicated except by a continuous and systematic course of treatment of three or four months' duration. They reasoned that by the excessive fees charged ordinarily by specialists, that patients of limited means could not afford to continue under treatment long enough to receive any permanent benefit, and that this is what gave rise to the impression that catarrh is an incurable disease. They also reasoned that they could only get such patients to remain under treatment with them for several months they could afford to treat all such cases at the low rate of \$5 a month, medicine included.

What at that time was simply an experiment, as the \$5 rate was extended from month to month to see how the public would receive it, has grown to be a permanent institution. The public at once "took" to this innovation and a practice was begun by Drs. Copeland and Davis which has grown to be simply remarkable in its extent and character. Besides the good that they have done by curing catarrh and kindred diseases, for several months instead of so many weeks, as heretofore, has raised up an army of joyful, healthful beings, who never tire of praising and recommending their method of treatment.

The theory upon which this system of treatment is founded is to reduce the practice of medicine to a business-like basis. A small sum, \$5 a month, is charged patients for treatment by the month and medicines are furnished free of cost. This brings the services of a skilled physician within the reach of everyone and does away with "drug bills." There is no excuse then for a sufferer to silently endure his disease for fear of the expense attached to consulting a specialist.

It is the old proposition of "large sales and small profits." Were the people of this city aware of the number of patients treated by Drs. Copeland and Davis every week they would be amazed. The offices at No. 1121 Main street, are crowded morning, noon, and night. The best people of the city, tired of paying large doctor bills, and anxious to secure quick, thorough and effective treatment, are numbered among their patrons and most enthusiastic admirers.

Those who predicted that the \$5 rate was something of a day or week have been found guilty of ignorant assertion.

The \$5 rate has come to stay. From week to week the throngs of enthusiasts to patients have been paid through the press to the efficacy and thoroughness of the treatment. To celebrate the first anniversary of their \$5 rate of treatment, and in grateful recognition of the endorsement by the public of their efforts, Drs. Copeland and Davis have decided to treat all diseases at the same low rate, medicine included. Hereafter the five rate applied only to simple catarrhal diseases and kindred ailments, but in the future it will apply to all diseases. Remember this includes consultation, examination, treatment and medicine for all patients and all diseases. Positively no greater fee will be asked or received.

## A CASE OF NEGLECTED CATARRH

"My troubles date back at least ten years," says Mr. John McKenney. "It began with a cold, followed by repeated colds and then became chronic."

"My head was nearly always stopped up and there was a continual discharge internally from the nose, requiring spitting and hawking to remove it. I had headaches some times of a most violent character. I had a sore throat most of the time, which was made raw and inflamed by the constant dripping of the discharge. My right ear also became seriously affected, and I discharged a great deal. I had pains in the chest, back and sides, and suffered from indigestion. My stomach seemed to be all wrong. I had no appetite."

Mr. John McKenney, New Cumberland, W. Va., writes, and what food I ate gave me the greatest nausea. I did not sleep well, and arose in the morning more tired than when I went to bed. Within the last year my troubles became so serious that I felt that something ought to be done. Some time ago I noticed that the newspapers were publishing a great deal about the wonderful cures of Dr. Copeland and Davis, and I was convinced that if I went to them I would obtain relief. I did so, and under their methods I began to improve right away. The improvement was steady and marked, and a permanent cure was sure, and now I feel first rate. My head is better, there is less hawking and spitting, and I am better in every respect. I eat well and sleep well, and find myself strong and refreshed in the morning and am in very good condition.

"I am so well pleased and satisfied with the result that I gladly make the statement for the benefit of those who may be looking for the right physician to give them relief. I hope this statement may be the means of inducing others to seek Dr. Copeland and Davis and obtain the same beneficial result that I have."
